How to Work Together

An ambitious new commission by Berlin-based Australian artist Gerry Bibby.

at The Showroom

Reading Liberated Fraction. 2nd Season. (2011) Performance view 10 August 2011, performed by Gerry Bibby Courtesy the Artist and Silberkuppe, Berlin Photo Tim Standing

After his project at Frieze Art Fair in 2013, this will be the artist's first solo presentation in a public space in the UK. Venturing beyond the scope of a typical artist commission, Bibby will take up residence at The Showroom and work behind the scenes, exploring the possibilities and limitations of the artist/institution dynamic. From this shift in position, he will probe the idiosyncrasies of the organisation's apparatuses – focusing in particular on The Showroom's heating system, rendering it as potential creative material.
